THE PREMIER BOARDING SCHOOL WAY!

EDUQUEST: CREATING PATHWAYS FOR GLOBAL SUCCESS

For over 17 years, Silver Fern Education Consultants has been guiding students toward brighter futures by helping them discover the right career paths and global opportunities. With a legacy of trust, expert mentors, and thousands of success stories, Silver Fern continues to inspire confidence in every student's journey abroad while focusing on preparing them to become global leaders.

EduQuest is its experiential learning arm, curating immersive short-term programs in collaboration with top global universities and institutions.With a strong focus on holistic student development, Eduquest curates transformative learning experiences, including leadership bootcamps, STEM challenges, educational tours, and industry-driven workshops. By bridging the gap between students and world-class educational opportunities, Eduquest empowers young minds with global exposure, critical skills, and real-world insights to help them thrive in an ever-evolving landscape.

Outbound programs take students to international campuses, offering authentic university or school experiences through project-based learning and mentorship while inbound programs bring global faculty and experts into Indian classrooms, fostering cross-cultural exchange and exposure to global teaching methodologies.

PROGRAM SNAPSHOTS

Programme Dates:

ALL YEAR ROUND

Duration:

5 NIGHTS/ 6 DAYS

Accommodation:

Students will stay at **Hwa Chong International School, Singapore**, Asia's top-ranked high school known for its premium boarding facilities. Twin-sharing rooms and a secure, well-equipped campus **offer students a true taste of residential school life and campus culture.**

Experiential Learning

Students experience a different education system, work on projects, and participate in team-building activities that encourage them to step outside their comfort zones. Through these experiences, students develop leadership, adaptability, confidence, and problem-solving skills.

Certified Program

Speak to Stand Out: The Power of Communication (Grade 6 to Grade 8)
Great ideas mean nothing if you can't express them well. This program unlocks the art of confident communication, from how you think and speak to how you listen and engage. Students will learn to express their thoughts clearly, connect with any audience, and leave a lasting impression wherever they go.

Exploring Artificial Intelligence: The Science Shaping Tomorrow (Grade 9 to Grade 12)
The program combines classroom learning and hands-on activities all designed to help students explore the world of Artificial Intelligence and understand its real-world applications.

Workshop & Peer Networking

Interactive workshops hosted at a leading university provide exposure to higher education environments. Students also engage with local peers, gaining insight into campus life, academic expectations, and cultural perspectives.

Activities:

Experiential learning continues through **city challenges, a visit to the Science Centre, and excursions to iconic Singapore landmarks such as Merlion Park and Gardens by the Bay.** The trip includes **a full-day experience at Universal Studios—Southeast Asia's first Hollywood theme park.**

Signature Blend:

This program uniquely combines classroom learning, campus immersion, city-based experiential challenges, and cultural visits. A final student presentation showcases their growth in critical thinking, teamwork, and leadership. Students return with stronger profiles and lifelong academic and personal connections.
