EDUQUEST

EDUQUEST: CREATING PATHWAYS FOR GLOBAL SUCCESS

For over 17 years, Silver Fern Education Consultants has been guiding students toward brighter futures by helping them discover the right career paths and global opportunities. With a legacy of trust, expert mentors, and thousands of success stories, Silver Fern continues to inspire confidence in every student's journey abroad while focusing on preparing them to become global leaders.

EduQuest is its experiential learning arm, curating immersive short-term programs in collaboration with top global universities and institutions.With a strong focus on holistic student development, Eduquest curates transformative learning experiences, including leadership bootcamps, STEM challenges, educational tours, and industry-driven workshops. By bridging the gap between students and world-class educational opportunities, Eduquest empowers young minds with global exposure, critical skills, and real-world insights to help them thrive in an ever-evolving landscape.

Outbound programs take students to international campuses, offering authentic university or school experiences through project-based learning and mentorship while inbound programs bring global faculty and experts into Indian classrooms, fostering cross-cultural exchange and exposure to global teaching methodologies.

PROGRAM SNAPSHOTS

Programme Dates:

JANUARY | FEBRUARY | JULY | AUGUST 2027

Duration:

7 NIGHTS/ 8 DAYS

Accommodation:

Students will stay at **Hanyang University, Ansan, South Korea**, known for its modern facilities and innovation-driven learning environment. Comfortable accommodation and a well-equipped campus offer students an immersive experience of university life and Korean campus culture.

Experiential Learning

Students experience a different education system, work on projects, and participate in team-building activities that encourage them to step outside their comfort zones. Through these experiences, students develop leadership, adaptability, confidence, and problem-solving skills.

Certified Program

Tech & STEM

Explore technology, science and innovation through engaging masterclasses and keynote sessions at a leading Korean university. Students gain exposure to university campus life, interact with local students, and broaden their perspectives through immersive experiences that connect academic learning with South Korea's rich history, culture, and technological advancements.

Campus Immersion & Cultural Exchange

Interactive workshops hosted at a leading university provide exposure to higher education environments. Students also engage with local peers, gaining insight into campus life, academic expectations and cultural perspectives.

EDUQUEST

Activities:

Experiential learning continues through visits to **MBC Broadcasting Centre, Hyundai Motorstudio, Seoul National University** and **iconic Korean landmarks**. The trip also includes a **DMZ excursion, Hanbok experience, K-Food cooking class and K-Pop dance workshop**, offering students a blend of culture, innovation and entertainment.

Signature Blend:

This program uniquely combines classroom learning, campus immersion, city-based experiential challenges and cultural visits. A final student presentation showcases their growth in critical thinking, teamwork and leadership. Students return with stronger profiles and lifelong academic and personal connections.
