EDUQUEST: CREATING PATHWAYS FOR GLOBAL SUCCESS

For over 17 years, Silver Fern Education Consultants has been guiding students toward brighter futures by helping them discover the right career paths and global opportunities. With a legacy of trust, expert mentors, and thousands of success stories, Silver Fern continues to inspire confidence in every student's journey abroad while focusing on preparing them to become global leaders.

EduQuest is its experiential learning arm, curating immersive short-term programs in collaboration with top global universities and institutions.With a strong focus on holistic student development, Eduquest curates transformative learning experiences, including leadership bootcamps, STEM challenges, educational tours, and industry-driven workshops. By bridging the gap between students and world-class educational opportunities, Eduquest empowers young minds with global exposure, critical skills, and real-world insights to help them thrive in an ever-evolving landscape.

Outbound programs take students to international campuses, offering authentic university or school experiences through project-based learning and mentorship while inbound programs bring global faculty and experts into Indian classrooms, fostering cross-cultural exchange and exposure to global teaching methodologies.

Program Dates:

2026-2027

Students will stay at the University of Hertfordshire, United Kingdom, a prestigious public university celebrated for its modern campus & vibrant student community. The stay features premium single and twin ensuite rooms within the university residence, offering comfort, safety, & a true taste of university life abroad. With all meals included, featuring both Indian and international cuisines, students enjoy a wholesome, multicultural experience in a secure and inspiring environment designed to nurture independence and global exposure.

Eligibility

GRADE 6 TO GRADE 12

Certified Program on Artiificial Intellgence and Global Issues

This module brings together two powerful learning dimensions, technology and leadership. Through the Artificial Intelligence segment, students explore how AI is reshaping industries and societies, engaging with real-world applications and ethical dilemmas that challenge them to think like innovators and responsible problem-solvers. In the Global Issues – Plan and Chair Your Own UN Summit experience, they step into the role of world leaders, debating pressing international challenges, negotiating solutions, and chairing a simulated UN summit. Together, these experiences develop analytical thinking, empathy, communication, and leadership, skills essential for those ready to make a global impact.

Signature Blend: A Masterclass & Campus Experience at Imperial College London (Ranked #2 Globally by QS)

Experience academic excellence at one of the world's most prestigious institutions. As part of this journey, students will participate in a thought-provoking masterclass at Imperial College London, ranked **#2 globally** by **QS Rankings**, designed to spark curiosity, inspire innovation, and connect theory with real-world impact. The visit also includes a guided campus tour, offering a first-hand look at Imperial's world-class facilities, vibrant student culture, & environment that continues to shape global leaders in science, business, and technology. It's more than a visit, it's a glimpse into the mindset that drives some of the brightest minds in the world.
